

SUDHANSHU SRIVASTAVA

AEROSPACE ENGINEER

Phone.
+91 6382168710

Email.
sudhanshu0071@gmail.com

Address.
Vishnupuri colony, Gonda,
Uttar Pradesh. 271001

“ Profile info

Aeronautical Engineer, Assistant Professor, and PhD researcher with expertise in computational fluid dynamics (CFD), aerodynamic optimization, and fluid-structure mechanics. Experienced in translating advanced fluid mechanics theory into high-fidelity numerical models and practical R&D workflows. Proven track record of spearheading technical research, conducting feasibility studies, and executing data-driven design analyses to enhance aerodynamic efficiency.

Internship Done

- **June to July 2018** **Internship**
Shaaurya
Aeronautics
Chennai
- **December 2018** **Internship**
HAL
Bangalore
- **July to August 2020** **Internship**
Excel Automation
Internship studio

Work Experience

- **March 2024 to** **Assistant Professor**
Present
Parul University

Personal details

- **Name** Sudhanshu Srivastava
- **Date of birth** 02/07/1998
- **Gender** Male
- **Nationality** Indian

“ Project Work

- **Wake reduction in heavy vehicles.**
- **Increasing downforce using wheel rotation in racing car.**
- **Influence of the wheel rotation on under body flow and aerodynamic forces on high speed car**

My Education

2016-2020

Bachelor of Technology

SRM Institute of Science and Technology
Graduated in Aerospace engineering.

2020-2022

Master in Engineering

Nehru institute of engineering and technology
Post Graduated in Aeronautical engineering.

Achievements

2020, National Engineering Olympiad

All India Rank 10 in 4th year Other Category.

2026, GATE

All India Rank 347 in AE.

SUDHANSHU SRIVASTAVA

AEROSPACE ENGINEER

Phone.
+91 6382168710

Email.
sudhanshu0071@gmail.com

Address.
Vishnupuri colony, Gonda,
Uttar Pradesh. 271001

Research papers

- Increasing down force in high speed vehicles using wheel rotation.
- Green emulating energetic visual alternate fuel.
- Morphing Aircraft Wing: Development and Application
- AI-Driven Cybersecurity Risks and Defense in Avionics Systems
- Modeling, Simulation and Optimization Techniques in Electrical Discharge Machining: A Comprehensive Review
- Computational Fluid Dynamics In Mechanical Engineering: A Research Study On Simulation, Optimization, And Real-World Applications

Certification courses

- The Evolving universe
- A Hands-on Introduction to Engineering Simulations
- Introduction to thermodynamics
- Wind Energy
- Autodesk Certified Professional: AutoCAD for Design and Drafting
- Autodesk Generative Design for Additive Manufacturing
- Programming fundamental
- Application development
- Build your first Android app
- Build website with HTML and CSS
- Building digital media using graphic design

My Skills

Model Design	
Ansys	
CATIA	
AutoCAD	
Graphic designing	
Programming	
Android app development
